Certificate Course under Education subject

Course name : Certificate course in Educational technology

Duration: 30 hours

Introduction

This course is about learning the concept of educational technology. What comes to our mind when we hear the term educational technology? Maybe computer, digital tools, internet, mobile phones, smart boards, electric gadgets, etc. Is educational technology only about these tools and gadgets? Definitely not. It is not restricted to these tools only but encompasses everything that enhances teaching and learning. It helps in improving teaching learning process and reaching the pre-set goals of education through systematic organization of learning procedures and processes. For new generation learners, it is required to have a sound knowledge of educational technology and its effect on teaching-learning process.
